JOSIAH TURNER, Jr., EDITOR.

TERRORS OF THE EARTHQUAKE.

A writer in Harper's Magazine, speaking of the terrors of the earthquake, says:

An earthquake, in its most destructive mood, usually seems to strike the solid ground a heavy blow from beneath. This is by far its most fatal form. Nothing can resist the concussion. The earth itself seems to rise into the air; the strongest buildings start upwards, crumble into ruins and fall in a crushed heap upon their occupants; the land slides away from its accustomed place, and whole fields and towns are driven through the air to the top of hills or to some distant region; men and cattle are shot out as from a catapault, and fly like missiles over the land until they fall, bruised and bleeding upon the earth; and, as if resolved to complete the labor of destruction, the fearful concussion is sometimes repeated three or four times, until the whole face of the nature is changed into a chaos of ruin. At the great Calabrian earthquake a man was carried, it is said, ant, together with the field on which he was laboring, to a distant part of the valley; at Riobamba the inhabitants were hurled through the air to the top of a neighboring hill. The Calabrian shock was described as resembling the explosion of a subterranean mine, which did its fearful work in an instant. In Chili, a witness of one of the sudden earthquakes, describes it as a sudden explosion, accompanied by a noise like that occasioned by the discharge of countless cannon. So perfect is the change produced on the face of nature, that lawsuits have frequently arisen after an earthquake as to the possession of lands that have been wholly removed from their ancient bounds. In the indiscriminate destruction and removal it was impossible for men to determine what was their own.

NOT SO NOW.

Many years ago, when Judge Robert M. Charlton, of Savannah, Ga., was quite a young man, he, in company with his father, Hon. T. U. P. Charlton, spent every summer in the delightful little village of Clarksville, Northeast Georgia.

One day Robert was passing along the street in Clarksville, and it happened to be election day. Members of Congress were then elected by what was called the general ticket system, and not by districts as they now are, when he was met by a verdant Democrat of the mountains, who accosted him thus:

"Mr. Charlton, are you the man that is running for Congress?"

"No, sir! I am no candidate—my father is, however. But may I ask why this inquiry?"

"Nothing, only I haven't voted yit."

"If it is consistent with your feelings, I would like it if you would vote for my father."

"I would just as leave vote for him as anybody."

Mr. C. thanked him, and thinking perhaps his friend was seeking a treat, invited him into a neighboring bar room.

"What will you take?"

"I never drink anything, but I see they have some ginger cakes. I would as lief take one of them with you as not!"

"Very well. Give us a cake."

"My brother is in town with me."

"All right, take him a cake with my respects." Another cake was purchased and paid for, and the two friends parted, "Greeney" to find his brother, and Mr. C. to join in the merry dance with his friends in the parlor hard by. "The golden hours on angels' wings" passed rapidly away with Mr. Charlton. His friend was soon forgotten. Late in the afternoon, when there was a pause in the dance, our verdant friend, very much to the surprise of every one, stalked into the parlor, inquired for Mr. C. Of course all eyes were directed to our friend as he approached Mr. C. Drawing from his bosom a four by six inch cake, he said: "Mr. Charlton, here's your cake.—My brother had vote I afore I seed him."

Mr. C.'s embarrassment was not greater than his admiration of the fellows' honesty. *Ex.*

There iz one critter in this world whooze troubles yu kant console, and she iz—a setting hen.

Those people who spend all ov their spare time watching their simptoms, are the kind who enjoy poor health.

Whenever a minister haz preached a sermon that pleazes the whole congregashun, he probably haz preached one that the Lord wont endorse.

Everybody seems tew be willing to be a phool himself, but he cant bear to have enny body else one.

Truth iz the edict of God.

The philosophers, az a class, are a set of old grannys, who possess grate knowledge, part of which haz bin handed down to them, and the balance they guess at.

Abont the first and the last thing a human being duz in this world iz tew shed tears.

There iz no grater proof over the power ov love than that the crimes committed in its interests are in a measure hallowed.

I kan tell exactly how mi nabors young ones ought to be fetched up, but I aint so clear about mi own.

A loafer iz a person who iz willing tew be abused for the privilege of abuzing others.

There iz some folks in this world who spend their whole time hunting after righteousness, and haint got any spare time to praktise it.

Adversity haz the same effekt on a man that severe training duz on the pugilist—it reduces him tew his fighting weight.

Natur kan be improved upon often with good effekt, but to alter it generally spiles the whole thing.

Affliktions are like the summer sun.—They wilt for the purpuss ov ripening.

A GOOD ONE FOR SM KERS.—An aged negress whose piety had secured for her an extensive reputation, in walking her usual round of visits dropped in upon a neighbor who was equally well known as a temperance man and hater of tobacco.

After being courteously received the negress pulled from her pocket a long pipe and commenced smoking some very "Union" tobacco, to the infinite disgust of her host. The man maintained his composure several minutes, but the fumes and smoke became too powerful for him, and rising from his chair he said:

"Aunt Chloe, do you think you are a Christian?"

"Yes, brudder, I specks I is."

"Do you believe in the Bible, aunt?"

"Yis, brudder."

"Do you know there is a passage in the Scripture which declares that nothing unclean shall inherit the kingdom of heaven?"

"Yes, I've heard of it."

"Do you believe it?"

"Yes."

"Well, Chloe, you cannot enter into the kingdom of heaven, because there is nothing so unclean as the breath of a smoker.—What do you say to that?

"Why, I specks to leave my breff behind me when I go to heaven."

The grist mill of Henry D. Roberson, at Flat Swamp, in Martin county, was totally destroyed by fire last week.

MODERATION EDITORS.

For several months, and especially during the late campaign, certain Conservative editors, so called, in the State, made the SENTINEL instead of Holden, the subject of their attacks. They expected the Republicans to triumph in the election and were simply preparing to go over gracefully to the enemy and to say "*I told you so.*" "The violence of Turner lost us the election."

We made no issues with them pending the election. We looked in vain every week to see them turn their artillery upon Holden instead of us, and on what they were pleased to call our rashness. When the dearest rights of a whole people are assailed as have been those of the people of North Carolina, it is proper to repel the assailants with every lawful weapon. When the soldier in line of battle advises the use of mustard seed instead of cannister and grape, he will soon be overcome or found fighting on the other side.

Three Conservative editors that we can name, declared the week of the election and before, that we would be beaten, one said as high as 20,000 votes, while others put the Republican victory at smaller numbers. We tell our brethren of the press who assailed us instead of Holden when the battle raged hottest, it is not unfair to suspect, that they had some secret and unwarrantable motive for their conduct. For such a fight as we were in, no true soldier could complain of the daring or violence with which the man by his side was fighting, without justly creating doubts and suspicion of his own loyalty.

While Kirk, Burgin, Douglas and Holden, had us in the foul jail of Alamance, lying on the floor of the iron cell, within two feet of a convicted felon who was next day to be hanged, one Conservative paper was attacking us instead of Holden and Kirk.

We remember Sheriff Wiley our prison companion, read from a so called Conservative paper an attack upon us when it was impossible for us to reply. We fell asleep after hearing the article read. About midnight Sheriff Wiley waked us up to witness the attack of Kirk's men, who were throwing rocks at us through the iron grating.

We thought better of the attacks made by Kirk's men than of those made by *quasi* friends and Conservative editors.

We have not alluded to this to provoke again the attack of Conservative editors. We say to them let there be peace between us. We have borne patiently the attacks of some, and we now allude to it, simply to say to those who assail us, we have not been provoked into any loss of temper, nor do we expect to be. It, however, we should be, we say to them as Webster said to Hayne, "there will be blows to take, as well as blows to give."

PERSONAL RESENTMENTS.

No public functionary ever brought into the discharge of his official duties, so many petty personal resentments, as our self strangled monster the people's "cussin beloved," Governor Holden. He called Andrew Johnson "one of the most elegant devils out of Hell." Took office under him extolling him as a great and good man. He then clamored for his impeachment. He wrote to his brother devil, Brownlow and begged him not to allow Col. Duncan K. McRae to practice law in the State of Tennessee as a personal favor to him. Col. McRae had cared him during the war.

When Provisional Governor he arrested Dr. Fisher charging him with having said during the war, that he would give $5,000 for the head of Abe Lincoln, when Holden himself three years before had asked through the *Standard*, "who would plot for the head of Abe Lincoln?" He has persecuted rebels, when he was himself the prince of rebels, so long as it paid. He always uses a medium to inflict punishment. This arises from the timidity, not to say cowardice of the man.

Through Brownlow he would punish Col. McRae. Through Andrew Johnson he would punish Dr. Fisher. Through Kirk and Burgin he would punish Turner and the people of Caswell and Alamance. His very wife wrote him down as a man of little, low, petty, vindictive resentments.

ALL SAFE.

Burgin is safe in jail. Kirk is safe in the hands of the Marshal, while Sheriff Lee stands around waiting for the Marshal to perform his duty, that he may execute the bench warrant issued by Judge Watts. Marshal Carrow received the writ issued by Judge Brooks on the 19th of August. The Governor told him that he would be answerable for Kirk's appearance. When twelve respectable gentlemen from the counties of Wake, Chatham and Harnett were arrested by the Marshal, they were refused bail and a hearing by Shaffler the United States Commissioner, and were sent to jail. The Marshal put them in jail though one was sick, because the pious Shaffler could not hear their case on Sunday. Carrow could not keep them "at a friend's house under guard as he now does Kirk

SHALL A CONVENTION BE CALLED?

The voice of the people of North Carolina so potently expressed in the late August election, was not a simple expression of disgust and dissatisfaction with Radical officeholders and their iniquitous conduct, but an intelligent and determined expression of hostility to all the new tangled machinery of government, as embodied in our present Constitution, and the Radical legislative action based upon it. Such we interpret the result of the late election to mean, and we are pleased to observe, our cotemporaries in the State, very generally entertain the same opinion.

The question, therefore, "Shall we have a Convention to form a new Constitution?" is one we judge very generally settled among our people. Nor is the matter left in doubt as to the extent of the changes desired. No Conservative or Democrat desires or urges any change in the Homestead provision, nor in the rights of colored citizens, but in all other respects, there is a general desire and purpose to restore the old Constitution of the State, with such emendations as the condition and circumstances of the people demand.

Prior to a call of a Convention, which we take it for granted the General Assembly will do at an early day, much may be done by that body to relieve the people of the burdens which oppress them. It is of the first importance, that every useless and offensive law on our statute book should be repealed at once, that every useless office or officer be removed, and that every useless expense be curtailed. In order to do this, every department of the State government should be carefully examined for the correction of abuses, and the reduction of expenses—a more thorough investigation should be instituted at once, into the bond swindles, and a more rigid criticism made of the conduct of parties concerned in the robbery of the State and of the Railroads.

Our present county and township governments and expensive charity establishments cannot be abrogated or amended, nor can our too numerous State officers and Judges be reduced, until the Constitution is amended, but the General Assembly is expected to curtail useless officers not provided for by the Constitution, and to reduce the present enormous salaries and fees which are now charged by every officer in the State. This is one of the severest taxes now falling upon the people of the State, and it is the more grievous because it does not come in the shape of direct taxation, but is an indirect tax, stealthily emptying the pockets to support the government, without an adequate return. It is a grievous swindle upon the people of the State and must be cured.

One of the most gratifying indications in this matter, is the unanimity of sentiment which prevails throughout the State among Conservatives and Democrats, and with moderate Republicans. Many Republicans see the absolute necessity of important changes in the Radical Constitution, forced upon us by carpet baggers and scalawags for their own promotion and benefit, to the ruin of the honest property holders of the state. But there is no class of the community more interested in these changes than our laboring population, white and colored. All these taxes, especially over and above what is necessary for the support of an economical government, is a tax upon labor and a ruinous discrimination against the laboring man. The people should no longer submit to it, and the laboring men, white and colored, should never rest until the Constitution is amended in these essential particulars.

LAST OF THE TRIO.—We mentioned one day last week, as an item of news, taken from an Asheville paper, the arrest of one Joe Shelton for the murder of Joel Holcombe, in August, 1864. The facts in regard to this murder, as we have them from one who knows, are as follows:

This Joe Shelton, with two of his cousins, all members of Kirk's banditti that so annoyed the people of East Tennessee and Western North Carolina during the late war, went to the home of Mr. Holcombe, on Walnut Creek in Madison county, N. C., some time in August 1864, where they found him mowing hay in his meadow, and for no other reason than that he was a confederate, shot him down in the presence of his wife and another woman, and then with Indian ferocity, scalped him. At the same time they fired at the woman who was with Holcombe's wife, wounding her in the temple and cutting off part of her ear.

One of the three scoundrels was afterwards killed by a part of the 14th N. C. battalion of cavalry, after he had killed Maj. Roberts of that command.—Another of them was burned to death, refusing to surrender, by the burning of a house under which he had crept, the house having been set on fire by the enraged soldiers, after the death of Maj Roberts.

This last of the trio, having volunteered from Tennessee to come to North Carolina with Kirk to exercise his savage and murderous propensities on our people, was recognized as he passed through Buncombe, was arrested, and now lies in jail in Asheville to await his trial for murder.

And this is but a sample of the class of demons Governor Holden employed Kirk to bring with him from Tennessee to overawe, abuse and oppress the people of Alamance and Caswell. What an attitude such conduct places him in before the world!

The Wilmington *Journal* says that "there is a regularly organized band of negro robbers in Duplin county. Some days ago two of them were captured in the very act of highway robbery upon the person of an old colored man. The prisoners were taken to Kenansville and placed in jail. They have already made several unsuccessful attempts to escape and the inhabitant fear that a rescue may be be attempted.

The Democratic State Convention of New York, which met at Rochester on the 21st inst., nominated Gov. Hoffman for re-election, and the nomination seems to have been received with universal approbation by the Democracy of the State. There can be no doubt of his re-election by an overwhelming majority.

How the Colored People Fare in North Carolina.

THE RESULT OF AN IMPARTIAL INVESTIGATION.

To the Colored People of South Carolina.

FELLOW CITIZENS: In the canvass which is now going on in our State, between the Republicans and Reformers, or Democrats, (with is all important, in order to enlightened action,) so much has been said of late in regard to the purposes of the Reformers or Democrats, and so many statements were made as to the condition of the colored people in our sister State, North Carolina, since the late August elections and the success of the Democrats there, that a number of our colored and white friends in Newberry, South Carolina, induced us to visit North Carolina to ascertain the truth or falsity of these rumors.

According'y, on Tuesday, the 16th instant, we left Frog Level Station, Newberry county, having taken letters of introduction to several gentlemen in North Carolina, and arrived at Charlotte, North Carolina, on Wednesday night, the 7th instant. Here we met with a number of gentlemen, both white and colored, of both parties, who treated us with kindness and consideration, and offered us every facility to promote the object of our visit.

It had been alleged in Newberry that since the Conservatives had carried the election in North Carolina the colored people had been compelled to carry written passes for their protection; that they were now whipped at the public whipping post; that they were excluded from the public schools, and the whites ignored the rights of the colored people under the Constitution, &c. From all sources, both white and colored, these rumors were flatly denied. The Conservatives assured us of their good will toward the colored people, and of their determination to protect them in all their rights. The Republicans admitted that the Conservatives had done nothing yet of which they could complain, but did not know what they would do when they got into power. They were not yet ready to go with them.

The following statement from Governor Z. B. Vance, to whom we carried a letter from Y. J. Pope, Esq., of Newberry, will explain itself:

CHARLOTTE, N. C., Sept. 8, 1870.

Y. J. Pope, Esq:

DEAR SIR:—Your letter introducing two colored men, Messrs. Winn and Davids, has been handed me by them. I have introduced them to many of our most intelligent citizens, white and black of both parties, and furnished them every means in my power to acquire correct information in regard to the state of affairs in North Carolina.

I have no hesitation in assuring you, as I have them, that the very best feeling prevails here between the races. During the heat of the recent campaign, having canvassed extensively myself and mingled thoroughly with the people, I give my word as a gentleman of honor that I have not heard from any man in the State a single whisper of a wish or thought of infringing on any right of the colored man. On the contrary, it is the settled policy not only of my party friends, but everybody here, to acquiesce in all that has been given, and to encourage him in every possible way in the great work of fitting himself for citizenship. Every day convinces us of his value as a laborer, and we sincerely hope to make him something more.

Reports of the Ku Klux outrages from two or three counties have been greatly exaggarated for political purposes, and good men everywhere disapprove and will frown down such violence.

Truly yours,
ZEBULON B. VANCE.

Hon. Hamilton C. Jones, the State Senator elect from Mecklenburg County, Colonel Wm. Johnson, President of the Columbia, Charlotte and Augusta Railroad, very readily added to Gov. Vance's letter their testimony to the same effect.

On Thursday night, we left Charlotte for Raleigh, and arrived on Friday morning.—We spent Friday, Saturday and Sunday in the beautiful city of Raleigh, and enjoyed much conversation with gentlemen of both parties. We exhibited Gov. Vance's letter to a number of gentlemen of high standing, all of whom very cheerfully endorsed it.—Among them were ex-Governor Thomas Bragg, Chairman of the State Executive Conservative Committee; Hon. Josiah Turner, Jr.; Hon. A. S. Merrimon; Col. E. Graham Haywood; Chas. Dewey, Esq., Cashier of the First National Bank; Rev. Wm. E. Pell, late editor of the SENTINEL; Hon. Wm. H. Battle, late Supreme Court Judge; Chas. M. Busbee, Esq.; Rev. Dr. J. Brinton Smith, President St. Augustine High School; Kemp P. Battle, Esq.; Joseph B. Batchelor, Esq.; Colonel T. B. Venable, of Granville; George Little, Esq.; George H. Snow, Esq.

All persons, of all parties and colors, denied flatly the rumors which had been circulated in Newberry. We found but few Conservative colored men, but they were men of good character and reliable. They seemed to have entire confidence in the pledges of the Conservatives for the future.

We also conversed with Hon. James H. Harris, the late Republican candidate for Congress in the Raleigh District, also with Rev. J. W. Hood, assistant superintendent of public schools. These, with other Republicans, we found to be very intelligent colored men, and very decided Republicans. They admitted that the rumors in Newberry were false, but expressed much more confidence in the Republican than in the Conservative party. They denounced the Ku Klux, &c. We found no Conservative to approve of Ku Kluxism. Indeed, we were assured that the next Conservative Legislature will pass a stringent law forbidding all secret political societies of every name in the State, making it a high misdemeanor to be a member of one. Colored office holders and office-seekers were found quite bitter against the Conservatives.

We called on General Hunt, commanding the United States forces in North Carolina, and found him very polite and considerate of the condition of the colored people. We were so well pleased with this conversation, that we addressed him a note, to which he promptly replied as follows:

HDQ RS DISTRICT OF NORTH CAROLINA,
RALEIGH, Sept. 11, 1870.

Messrs. Hown Winn and Casey Davids:

GENTLEMEN: I have the honor to acknowledge the receipt of your note of yesterday, informing me that you have been deputed by the colored people of Newberry, South Carolina, to ascertain the truth or falsity of certain rumors with regard to the treatment of colored people in this State since the election in August, and asking me to reply to certain questions which you propose.

To the questions I reply as follows:

Question 1. Is it true or false that, since the August election in this State, the colored people are compelled to carry passes about with them in order to their protection?

Answer. I have never heard of a colored person being compelled to carry such pass, nor do I believe that they have been compelled to do so.

Question 2. Is it true or false that colored people are now whipped at the whipping post?

Answer. I have not heard of such a case, nor do I believe that one has occurred.

Question 3. Is it true or false that the rights of the colored people, as secured by law, are ignored in this State by the white people?

Answer. To the best of my knowledge and belief it is not true.

Question 4. Is it true or false that the public schools were closed against the colored people?

Answer. It is not true. Schools are not established over the whole State, but they are being established as rapidly as practicable. The only distinction between white and colored people is that there are separate schools for the two colors; but the character of the schools is the same, and it is the testimony of all with whom I have conversed on the subject that there is no disposition to deprive in any manner colored children of the advantage of the public schools. On the contrary, the desire of both political parties is to give them equal advantages with the white children.

Question 5. Have you any reason to believe, from your intercourse with the people, that the whites or the Conservatives and Democrats have any purpose or design to attempt to interfere with or abridge any of the rights and privileges of the colored people now secured to them by the constitution and the laws?

Answer. I have not. From my intercourse with gentlemen of both political parties, I have been impressed with the conviction that it is both the desire and intention to respect the rights of the colored people, and to give them such further security for their rights as circumstances may show to be necessary.

I will add that I came to the State but a few days before the election; that, immediately after the result was known, a number of colored people applied to army officers for employment, which would enable them to leave the country with the troops, as they were afraid they would be ill-treated, and, perhaps, reduced to slavery again. I believe this fear has worn off, and those who were alarmed on the subject now feel safe.

Respectfully, your obedient servant,
HENRY J. HUNT,
Brevet Major General and Colonel of the Fifth Artillery.

We were highly pleased with our trip. We called on Governor Holden, but could not see him. We regret to say that one of his officers (a Mr. Farris) treated us rudely, but we attributed it to his too free use of whisky. With that exception, we were treated with the utmost kindness.

We have thus given you an outline of our trip. We are in possession of other facts and documents, but believe the foregoing is enough to satisfy all that the condition of the colored people of North Carolina has been grossly misrepresented in South Carolina.

Very respectfully,
HOSEA WINN, a Reformer.
CASEY DAVIDS, a Republican.

September 10, 1870.

THE ISRAELITE PRAYER BOOK.—The Israelites are revising their Prayer Book. At the late Jewish Synod, held at Leipsic, the following was resolved: "No bitter or harsh expression shall be contained in any of the prayers under revision or to be newly composed; the contents shall embrace all human beings of the universe, and nothing shall be said therein with regard to the chosen people which might in the least offend our brethren of another creed. On the other hand, the new prayers, or those under revision, shall lay stress upon the religious mission of Israel, the providential guidance in its history, the fundamental Mosaic principles of progressive development, a future universal knowledge of the Almighty's commands, a love of peace and justice and humanity."

The Democrats of Alabama, all over the State, are in the best of spirits, and confident of triumph at the approaching election. Numbers of the Radical leaders have announced that they will quit their destructive party and vote with the Democrats. Mr. Hodin, the present Radical Representative of the 3d District, will support Mr. Handley, the Democratic nominee, as his successor.

A NEGRO OR A WOMAN!—The Republican enthusiast, Theodore Tilton, declares that "the next Vice President of these United States must be a *negro*." Mrs. Stanton, of the *Revolution*, declares that the next Vice President must be a *woman*. An issue such as that ought to wind up the woman's rights party.

At a meeting of the Directors of the Edenton and Norfolk R. R. Co., held on the 1st instant, Maj. H. A. Gilliam was elected President. Wm. C. Wood, Secretary and Treasurer and Gen. W. G. Lewis, Chief Engineer.

An assessment of 6 per cent was levied upon the par value of the cash stock of subscriptions made and the survey of the route ordered.

LIFE INSURANCE AS AN INVESTMENT.
THE WIDOWS AND ORPHANS BENEFIT LIFE INSURANCE COMPANY OF NEW YORK.
CASH ASSETS OVER $1,500,000,

ISSUES ALL FORMS OF NON-FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES, on the Mutual Cash Plan, declaring Dividens annually after the first annual premium paid. Assetts exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserved" is stronger than that of any Company doing business in this State. No "*Definite surrender values guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." *Death losses* have not occurred, out of *several Hundred policy-holders* in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "*Fictitious Dividends* are not declared, but Dividends are given from the actual surplus in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurances, of the TONTINE DIVIDEND PLAN:

Ordinary Life Policy Tontine Dividend Plan. Age 38, amount $10,000. 10 years in force. Annual Premium $291 50.	Ordinary Life Policy Mutual plan Cash Co. Age 38, amount $10,000. 10 years in force. Annual Premium $291 50.	Ordinary Life Policy "Stock" Company Age 38, amount $10,000. 10 years in force. Annual Premium $216 00
Tontine Dividend paid in cash at end of 10 years $2,709 25	Prem's pd. in 10 years $2,915 00	Prem's pd. in 10 years $2,160 00
Premiums paid in 10 years 2,915 00	Less Cash Dividends received annually, 1,182 81	Dividends nothing.

The Equitable
LIFE ASSURANCE SOCIETY
OF THE
UNITED STATES
120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $18,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,5 0 000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $1,500,000, and upwards, is cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1 1869, was $51,031 141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

THE SENTINEL.

CITY AND STATE ITEMS.

TUESDAY, SEPTEMBER 27, 1870.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

See sale of land in Granville, and other new ads. to day.

A French hair dresser has been employed at Hester's Parisian Millinery establishment. Ladies can be attended there or at their residences. It is a great convenience to the fair sex and should be patronized.

NOT RECIEVED.—Our friend J. M. Graham, Camden, Ark., is informed that we did not receive the article on "Emigrants wanted."

I. O. O. F.—There will be a meeting of Manteo Lodge, I. O. O. F. this evening at the usual hour.

NEARLY COMPLETED.—We learn from the Weldon *News* that the arrangements of the Grounds, &c., for the approaching Fair of the Roanoke and Tar River Agricultural Society are nearly completed, and that they are very complete and convenient. We are sure that our friends of that section will do every thing to make their Fair a complete success. It opens on the 8th of November, and does not clash with any other Fair in striking distance.

THE DEAF AND DUMB ASYLUM.—We learn that the Board of Directors of the Deaf and Dumb and Blind Institute expect to make arrangements to commence the next season by the latter part of October, as the repairs and improvements about the grounds and buildings will have been completed by that time.

What the "arrangements" are to be, we are not advised; we do not know that the Board has given any intimation of the course intended to be pursued, whether to run the institution under a temporary or permanent organization.

FALL IN CORN.—We are gratified to be able to inform our bread eating friends, and all who have hogs and horses to feed, that the price of corn is coming down. We heard of a sale yesterday, of 200 bushels at $1,02½ per bushel. We understand that the impression prevails with many, that $2.50 to $3.00 per barrel will be the price from the stack, this fall, for new corn.

ST. AUGUSTIN NORMAL SCHOOL.—We are informed that this school will open on Wednesday, (to morrow,) at 9 o'clock. A. M. This School, which is under the charge of Rev. Dr. Smith and Miss Hutton, is designed for the education of colored teachers, and has been conducted with great success. Our colored people should seek to avail themselves of the advantages of this school for their children.

OUR MERCHANTS—THE FALL TRADE.—We are confident that never in any one season heretofore, have such heavy stocks of goods been laid in by the merchants of Raleigh, as are being opened for the present Fall and Winter trade. In every line—Dry Goods, Groceries, Hardware, Drugs and Medicines, Furniture, Confectioneries, Millinery goods—the stocks of our leading houses are enormous, and a brisk wholesaling business already begun, much heavier than in any former season.

We can confidently assure all who may turn their attention to Raleigh for Fall and Winter supplies, either for their own use or for selling again, that they will find stocks of sufficient variety and range of quality from which to make their selections, and at prices that will compare favorably with those of any other market.

Many small dealers in the country, throughout a very extensive range of territory, whose capital and convenience require them to purchase in moderate quantities and to renew their stocks often, have found the Raleigh market fully to meet their wants in every respect, and this kind of trade has been continually and rapidly on the increase every year since the war.

Our friends throughout the State who may be contemplating a visit to the Capital during the approaching Fair, and deferring their winter purchases until that time, so as to "kill two birds with one stone," will find our merchants fully prepared to meet all their demands.

IMPOUNDED HOGS.—Two shoats, marked with a crop in each ear and an underbit in the right, having wandered into the city and continued here contrary to municipal law, were, yesterday, sold by the Chief of Police at auction, and knocked off at $3 50 each. This is the first sale from the pound that we have heard of.

CORRECTION.—A friend in Madison county informs us that the report of the vote in that County, as given in our tabular statement, was erroneous, that Madison County made a gain as to Senator, of 140 votes, and as to Attorney General, of 100, over the Presidential vote of 1868. We made up our returns from the votes as reported to the Secretary of State, but we acknowledge that this was not much guarantee of correctness.

GAS HOURS.—We suggest, as a matter of economy and convenience, that the city gas be lighted up a little later in the evening and the time made up by keeping it burning a little later at night. At any rate, we conceive that there is not much use in lighting the lamps at or before sunset, as is frequently the case, because day-light is as good and somwhat cheaper than gas at $2 per lamp.

George O. Spooner, recently connected with the Freedmen's Bureau here, is now book-keeper for the U. S. W. Engine and Pump Company, at Bataiva, Illinois.

GREENSBORO FEMALE COLLEGE.—The Trustees of this institution have contracted with parties for the reconstruction of the buildings of this Institution and the work is in progress.

AUNT ABBY HOUSE.

This old Confederate woman is well known to many of General Lee's late army. At a protracted meeting in Franklin county, the preacher asked if she did not want religion. "No," said aunt Abby, "it was religion enough for me, when Gilliam and Rogers were elected, and Judge Brooks turned Jo. Turner out of jail."

CITIZENS CORNET BAND.—We learn that this Band met in the Court House on Thursday evening last. The Committee appointed at a previous meeting to solicit aid from the citizens of Raleigh to enable the Band to purchase instruments, reported that their appeals had been responded to in a spirit of commendable liberality, and more than three hundred and twenty five dollars had been contributed in cash and pledges. The Band unanimously ordered the President to order at once a set of sixteen instruments, which has been done, and they are expected to arrive by Express within a week. The enterprise is worthy of the confidence of the citizens and we hope that those who have not yet aided the Band, will do so on the first opportunity. The following named gentlemen compose the Band.

OFFICERS:—B. W. Justice, Pres.; D. N. Coleman, Leader; J. M. Broughton, Sec; J. S. Wynne, Treasurer; D. S. Waitt, V. Royster, H. C. Harris, J. J. Lewis, J. W. Parker, M. Moore, A. Moses, R. H. Weathers, J. B. Hill, R. B. Ballard, W. H. Brown, W. A. Price, W. H. Vaughan, T. Owen, S. C. Pool.

SPECIAL PREMIUMS, N. C. STATE FAIR.—The Navassa Guano Company, at Wilmington, N. C., Hon. R. R. Bridgers, President and D. MacRae, Esq. Secretary, has authorized the offer of a special premium, of one ton of their guano for the best pair of mules raised in the State. This is a very valuable offer as the guano readily sells for $65 per ton at Wilmington and is one of the best artificial manures manufatered.—

O. L. Burch, Esq., offers a special premium of $5 on the best pair of gents' boots made in the State.

JUDGE KERR.—We are glad to learn that this noble son of the State, while pursuing his profession on his Circuit, responds to the strong calls of the people to address them. We learn that he addressed the people at Wentworth, Rockingham county, last week, in a speech of great power, for two hours and a half, in which he handled Radicals and Radicalism with gloves off.—Hon. S. P. Hill, of Caswell, also addressed the people with much force. Judge Tourgee refused to give the use of the Court House for that purpose, but the people gladly heard him from the portico of the Hotel in the village.

It is worth a forty miles ride to hear Judge Kerr on this theme. His powers of oratory have not been abated by age, but his keen wit and sarcasm have acquired new edge by his recent persecution.

TIMES OF HOLDING THE FAIRS.

Let all interested, cut out the following and paste it up for reference.

The Henderson Fair will take place on the 11th, 12th, 13th, and 14th days of October.

The North Carolina Agricultural Society will hold its Annual Fair, at Raleigh, on the 18th, 19th, 20th and 21st days of October.

The Petersburg (Va.) Agricultural Fair will be held on the 25th, 26th, 27th and 28th days of October.

The Roanoke and Tar River Agricultural Society will hold its first "Annual Fair" at Weldon on the 8th, 9th, 10th and 11th days of November.

The Fair of the Cape Fear Agricultural Association will be held at Wilmington on the 15th, 16th, 17th and 18th days of November.

The time for the Cumberland county Fair has not yet been settled.

We have not been able to learn whether the Mecklenburg Agricultural Society will have a Fair this Fall or not. It was spoken of at one time, but we have seen nothing in the papers concerning it lately.

NOT A CANDIDATE.—We understand that Gen. Abbott has announced in private conversation, that he is not a candidate for re election to the United States Senate from North Carolina. We shall not attempt to express our surprise or regret, nor the disappointment of the people of the State in view of this announcement, especially when it is remembered what brilliant prospects he had of success in case his determination had been otherwise.

WHOSE IS IT?—The following is a verbatim copy of a manuscript advertisement, found sticking to a tree at a certain cross-roads in Rockingham county. We publish it for the benefit of any one hereabout who may be interested in *them* saddle bags:

"AUGUST 4, 1870.

the undersined has found A par of leather Saddle bags which has A Number of philipses and badgers Speeches in them and A vest and a par of socks and some paper colars in them they are in my hous for the oner to come and get

E. R. APPLE."

A MILITARY PARALLEL.—Louis Napoleon and Wm. W. Holden are the two great lights of the century—the one on this side the great waters, the other on the other side. Both accidentally, and by intrigue and wire-working, got into exalted positions; both became ambitious of military glory; one declared war against Prussia and the other against the people of North Carolina—the result shows that the parallel holds good—Napoleon has gone into a Prussian prison and Holden brought up in the depths of universal contempt.

CADETS.—To our correspondent at Sugar Grove, in answer to his inquiry in regard to cadetships, we can only say, that we have not in possession the necessary information to enable us to answer his inquiry, nor is there any source to which we can readily refer for obtaining it.

The Republicans of Missouri are terribly split up in their candidates; they have two sets of candidates in almost every county and district, the "liberals" and "destructives."

DIED,

In this city, on the morning of September 26th, Mrs. BETSY POOL, in the 73rd year of her age. She has been a consistent member of the Baptist Church, of this city for the past 33 years.

Her funeral will take place from her late residence, on Hargett street, this (Tuesday) evening, at 4 o'clock. Her friends and acquaintances are invited to attend.

At his residence, in Wilson county, on the 24th inst., Rev. AMOS JOHNSTON BATTLE, in the 66th year of his age leaving a wife and six children. He died of cancer on his face, after several months of severe suffering, in which he bore with perfect patience and entire resignation to the will of his Heavenly Father.

The rumor of new peace developments are confirmed. The ministry to-day publishes the following: Bismarck demands as preliminary conditions that all fortresses in Alsace and Loraine be delivered to the Prussians, as well as the fort *De Mont Valerian* at the walls of Paris.

The Provisional Government considers these conditions as absolutely inadmissable and will address a proclamation to the people of the nation and ambassadors of foreign nations, exposing the situation, and indicating new measures for the national defense in view of the hostile terms. One measure will be the indefinite postponement of the election for the Constituent Assembly.

The *Constitutionel* says it was erroneously stated yesterday, that the engagements around Paris were adverse to the French. The French had the advantage in every one of the battles.

FLORENCE, Sept. 24.—The Roman populace tore down the escutcheons of Foreign legations where they combined with the Papal arms. LONDON, Sept. 24.—The *Times* has the following conversation between the King and Emperor, at Bellen. King—God has given our arms the victory in this war which you have precipitated. Emperor.—The war was not sought by me, but was imposed on me by public opinion; King—Your ministry created that opinion, your army however, has certainly fought bravely. Emperor.—But [illegible] had the discipline that Mine has recently lacked. King.—Before and since 1866, we studied carefully the experience and inventions of other nations. Emperor.—Your Artillery won everything; it is the finest in the world. King.—In the matter of Artillery particularly, we have utilized the experience of other nations. Emperor.—Prince Frederick Charles decided the event of the last battle; his army carrying our last position. King. You err; it was my son who fought at Sedan—Emperor.—Where then was Prince Frederick Charles? King.—His army corps was before Metz. Have you anything to propose? Emperor.—Nothing whatever. I am a prisoner. King—With whom then have I to treat? Emperor.—With the Empress and the Government at Paris. I am powerless; can make no terms nor give any orders. King.—Will Wilhelmshohe suit you as a residence? Emperor.—Yes.

The conversation continued a short time.—The King expressing condolence for the Emperor's misfortune, and withdrew with every mark of respect.

AGRICULTURAL.

A BETTER PLANTATION ECONOMY.

"N. name" in Houston county, sends us a long and earnest remonstrance with Southern planters, which our stinted space, at this time, compells us to lay aside. He insists that great impositions have been practiced on the people in the matter of fertilizers, and that hereafter if the planters buy any at all, they should deal directly with the manufacturers, so that the rights and interests of innocent intermediaries should not be complicated with the transaction. If the planter finds, upon experiment, that he has been imposed upon, he should have a remedy the enforcement of which will not involve third parties, who acted in good faith in the transaction. That seems to be but reasonable.

2. "Noname" insists upon the necessity of a better arrangement with labor. The share system gives too little control of labor—holds it to too lax a responsibility. Under it the plantations are going to dilapidation, and planters are not improving their pecuniary condition.—There must be a new system in which wages shall command more economical, fair and manageable labor.

3. He sounds a well considered alarm upon the whole system of Farm economy which is rotten and wasteful. The cotton crop, he says truly, must be *based* on the grain and provision crops, and he who plants cotton on Illinois corn, St. Louis bacon, Kentucky mules, and Tennessee and Massachusetts hay, is building without a foundation. He is like the fool in the New Testament, whose foundations were all washed away by the first rain. It is a rain every time cotton is low, and his house is gone accordingly. He has nothing to stand on but cotton, and his luck is worse than the traditional ill-fortune of professional cotton buyers, because he is compelled to buy cotton *at a high price* in money every year, no matter what cotton sells for; whereas, the cotton buyer can stay out of the market if he chooses to do it. The ruin of a planter who grows cotton on Northern and Western supplies, is as certain as that two and two make four.

On the other hand, "Noname" contends that the true method of the Georgia planter is *to farm* and take things leisurely. Let them cultivate abundance of corn and small grains—keep stock and raise stock and meat—husband all the fertilizing material he can glean by this process on his own place. Look well to a small area of cotton—get out of debt—diminish his expenses all he can—quit getting advances and shindying for money—let his surplus lands lie out—cultivate small areas well, and feel his way carefully along until he can bless God he owes no man a dollar, and has barns, his meat-house—his corn crib—stock and poultry yards full. This is the road to physical, financial, intellectual and moral health. All the other kind of financiering with Western corn and meat and Massachusetts hay and warehouse acceptances is the road to perdition. To which the *Telegraph and Messenger* says *amen!*

AUTUMN PLOUGHING.

A correspondent sums up the more prominent advantages to be derived from turning over the soil in autumn, under the following heads:

August and September is a good time to turn over bound-out sod land, and manure and reseed it at once to grass, obtaining a crop of hay the following year.

October and November is an excellent time to break up sod land for planting the following spring.

The weather is then cool and bracing, and the team strong and hardy for the work, while the weather in the spring is more relaxing and team less able; and spring work being always hurrying, it saves time to dispatch as much of the ploughing as possible during the previous autumn.

Sod land, broken up late in autumn, will be quite free from growing grass the following spring; the roots of the late overturned sward being so generally killed by the immediately succeeding winter that not much grass will really start in spring.

The frosts of winter disintegrate the ploughed land, so that it readily crumbles in fine particles in spring, and a deep, mellow seed bed is easily made. The chemical changes and modifications resulting from atmospheric action during the winter, develop latent fertility in the upturned furrows, which, together with the mellowing influences, materially increase the crop.

Most kinds of insects are either wholly destroyed, or their depredations materially checked, by late fall ploughing, especially the common white grub and the cut worm.

Corn stubble land may be ploughed late in the fall, and thus be all ready for very early sowing in spring, therefore going far to insure a good catch of grass; the roots of the new seed getting hold well, or being well established, before the droughts of summer come on.

NOTICE.

ALL Persons are hereby notified not to buy certain 5's 10's and 20 dollar bills of the Miners' and Planters' Bank of North Carolina. The said bills having been embezzled from the Agent of the said Bank by Fels & Co., of Baltimore, Md.; these notes having been left with them in sealed packages on special deposit. The bills thus embezzled constitute the entire circulation of said Bank, with the exception of a few hundred dollars in the hands of parties known to have them. It is proposed at an early date to give the number and date of bills thus embezzled.

No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

SUCCEEDS HIS FATHER IN THE AGENCY OF THE

NATIONAL LIFE INSURANCE CO., U. S. A.

For the Central and Northern Counties in NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwards of

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000 000 in about two years, speaks more for its wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED
"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

T. H. BRIGGS, Esq.: Dear Sir:—I used the "Utley Cotton Press," I purchased from you last season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612) I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the *pan upon which the Utley Press works* cheaper, simpler and more durable than any I have met with.
Yours very respectfully, JAS. R. WILDER

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,* upon which elements of administration the security of a Life Insurance Corporation *depends.*

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and a *certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers, in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most *cases, considerably lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Polices on *all* the plans of *Mutual* or *Stock* Companies, extending to policy holders, all their really desirable advantages. Its policies being *non-forfeiting,* the insured are privilged to *live and travel where they please* in any healthy part of the *world,* they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUNITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual,* and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines *all the* popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, *into an Annuity Bond* which provides an *income in cash through life, or for a series of years as prefered.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.
